

A Simple, Relational Way to Support Group Leaders with Training and Spiritual Formation

1 Invite to Formation

Invite your leaders to a relational formation experience of learning, practice, and conversation. Each session can include your whole team, a smaller set of leaders, or just one other person.

2 Engage Their Learning

You choose the content, from a single lesson to a set of six. Your leaders receive simple & engaging digital-learning experiences to grow their relationship with God and cultivate meaningful leadership habits. Each lesson, they write reflections for you to read so you can follow along with them.

3 Meet for Conversation

Whether you're meeting for coffee or gathering as a whole team, the Trellis experience builds up to a learning conversation where you and your leaders share insights & questions, and you can help them apply what they are learning in their context.
